

# SCIENCE COMMUNICATIONS IMPROVEMENT LAB (SCIL)

## ABOUT US

Diverse, Inclusive and Appreciative  
Strengthen our community's influence on society by becoming skilled communicators able to develop and eager to share important insights from all science fields.

## MISSION

Empower the next generation of science communicators to handle difficult discussions on complex issues.  
Foster deep appreciation for our interconnected world.

## VISION

What could transdisciplinary collaboration accomplish if we had the skills to overcome communication barriers?

## SERVICES

Workshops:  
Writing & Presenting  
Peer feedback/ coaching:  
Writing & Presentation
